General Information

- CGP Attachments C, D, and E, Section G., 5., g require the information on this form.
- If the summary form does not have enough lines to report all required actions, use additional copies of this form's page 2 to report all required corrective actions from an inspection form.
- On page 2 of this form and additional copies of page 2, insert consecutive numbers for each required corrective action.

Required Actions

- Identified locations—where BMPs are failing or have other shortcomings—require repairs or design changes within 72 hours of identification and complete BMP repairs or other changes as soon as possible, or before the next predicted rain event, whichever is sooner per the Lake Tahoe Hydrologic Unit Permit.
- Comments must be provided when the required action is changed from the Stormwater Site Inspection Report.
